

Wine Tasting & Dinner

Thursday 17th October 2013

The Jesmond Dene House Hotel

The origins of Vergelegen (meaning “situated far away”) date back to the late 17th century, but it is only since Anglo American purchased this Stellenbosch property in 1987 that the reputation of the Estate has grown to become the icon of South African wine that it is today.

Among the many projects undertaken on the Estate by Anglo American was an extensive programme of clearing invasive alien vegetation, land rehabilitation and restoration of the Estate’s historic core. The vineyards were re-established following intensive climatic and soil tests and in 1992 an impressive, multi-levelled, sunken hilltop winery was built.

Today Vergelegen competes with the top 100 wines of the world and positions itself among the leading conservers of Cape cultural heritage.

We are delighted to be joined on the evening by **Don Tooth**. Don is not only the Managing Director of Vergelegen, but also has the singular privilege, which is shared by few, of living on the Estate.
